

*Tis the Season  
Help Fill the Stocking  
Open our Hearts*

**T**he true season of warmth brings heartfelt stories of accomplishments and successes throughout the year. We see our children having a nutritious meal and then off to school they go to learn. We also see many adults entering the work force or re-entering school.

We, one and all, see those in need helping themselves which is truly rewarding. We live in an amazing community; while seeing all the need in our world, we recognize that right here in our home, together we can and do make a difference. Together over 500 people are assisted every day of the year because of your donation and volunteer time to our agency.

This year the Saskatoon Friendship Inn needs to raise over \$30,000.00 with your generous donations to our ***“Fill The Stocking Campaign”***.
